

## THE LOCAL ELECTION.

## REGISTRATION OF VOTERS.

The polling-places of the respective districts throughout the city will open from 8 a. m. to 9 p. m., on Tuesday, Oct. 8; Wednesday, Oct. 10; Friday, Oct. 25, and Saturday, Oct. 26, for the registration of the names of citizens entitled to vote at the coming election. The necessary qualifications of citizens seeking registration are as follows: Native born white citizens, and citizens of foreign birth who have been naturalized at least ten days, who have attained the age of 21 years; have been residents of the State during the whole of the past year; of the county during the last four months; of the Assembly district, or ward, during the last 30 days; still residents, and not having made or being interested, either directly or indirectly, in any bet or wager depending on the result of the next election. In addition to these qualifications, colored persons must have been for three years residents of the State, and be "possessed of a freehold estate of \$250, over and above all debts and incumbrances charged thereon, and have been actually rated and paid a tax thereon." Any citizen possessing those qualifications, who fails to register may be challenged, can secure registration on making oath to such right. The polling places are to be designated by the Board of Police Commissioners, and no place can be designated wherein spirituous liquor may have been sold during the preceding 60 days. The places will probably be indicated and duly advertised early next week.

## INSPECTORS OF ELECTION.

## PENALTIES FOR NEGLECTING APPOINTMENTS.

The neglect of persons selected to act as Inspectors of Election to promptly qualify for the duties of the positions, has been a source of considerable embarrassment to the Bureau of Elections. About 190 of the appointees have failed to respond to notices of their appointment. It has, therefore, been decided that all such, who fail to appear for qualification at or before 10 a. m. to-day, will be considered as having declined to serve. It has also been decided to request the Grand Republican and Democratic General Committees to send representatives from the various Assembly Districts to consult with and advise the Bureau, at 9 a. m., next Tuesday, in relation to the filling of such vacancies of the office of Inspector of Election as may then exist. The total number of inspectors to be appointed is 2,672,4 for the 615 election districts of the city. There are also to be appointed 1,606 poll clerks, or two for each polling-place. Those have all been designated, but will not be called upon to qualify till the completion of the list of Inspectors. Citizens serving in either of these capacities will be exempt from jury and military duty during the year constituting their term of office. In addition to the routine duties of registration and election they will be required to preserve order and protect citizens in the exercise of their rights of suffrage. Failure to serve after appointment and qualification will render them liable to a penalty of \$100, and conviction of official malfeasance will entail a penalty of imprisonment from one to five years in the State Prison, according to the degree of the offense committed.
